

Please join us for this important training webinar on Protective Life's newest product innovation, the **Income Provider Option**.

The **Income Provider Option** is a no-cost option available to purchasers of our universal life (excluding Secure-T) and variable universal life products. It gives the policy owner the ability to select a guaranteed annual or monthly income stream death benefit for payment to one or more beneficiaries.

If clients want to create a stream of legacy payments to their loved ones without the expense and hassle of establishing a trust, the Income Provider Option may be a great alternative. Learn more about it by joining us!
